

Hello,

To help families across the U.S. whose schools are closed in these difficult times, Age of Learning is working with our school and district to provide **free home access** to ABCmouse *Early Learning Academy*, Adventure Academy, and ReadingIQ during the period of the closure. These leading digital education programs include valuable educational content for Pre-K, elementary, and middle school students.

Interruptions in learning due to school closures can be a challenge for children's academic growth and development, and their need for stability and consistency. When in-school learning isn't possible, using research-based learning resources at home can help children stay engaged, provide them valuable learning experiences, and maintain some continuity in their lives.

By visiting the links below and entering your code, you will have free home access to these digital programs on computers, tablets, and smartphones during the period of closure. ABCmouse and Adventure Academy are used while connected to the internet. ReadingIQ can be used in offline mode once your account is created and books are downloaded on to a device. These programs can also be accessed using your free account at public libraries and other public locations with Internet-connectivity.
